

ONE DAY'S BUSINESS AT THE CAPITAL

THE PEACE TREATY IS NOT RATIFIED.

Arbitration Measure Negotiated By Secretary Olney and Sir Julius Paunceforte Could Not Secure Enough Votes—Personal Triumph For Mills of Texas.

Washington, May 6.—The senate Wednesday, by a vote of 43 to 26, refused to ratify the general arbitration treaty between the United States and Great Britain negotiated by Secretary Olney and Sir Julius Paunceforte. The rules of the senate require a majority of two-thirds for the ratification of

SENATOR MILLS.

treaties. Hence four more affirmative votes would have been required to secure a favorable result. The vote in detail was as follows: Yeas—Allison, Bacon, Burrows, Caffery, Clay, Culom, Davis, Deboe, Fairbanks, Faulkner, Foraker, Frye, Gallinger, Gear, Gray, Hale, Hanna, Hawley, Hoar, Lindsay, Lodge, McBride, McEnery, McMillan, Mitchell, Morrill, Nelson, Pasco, Perkins, Platt (Conn.), Platt (N. Y.), Pritchard, Proctor, Smith, Spooner, Thurston, Turpie, Vest, Walthall, Warren, Wellington, Wetmore, Wilson, Nays—Baker, Bate, Butler, Carter, Cockrell, Daniel, Hansbrough, Harris (Kan.), Harris (Tenn.), Heitfeld, Jones (Ark.), Jones (Nev.), Kyle, Martin, Mason, Mills, Morgan, Penrose, Pettigrew, Pettus, Rawlins, Quay, Roach, Shoup, Stewart, White.

The vote was preceded by a short, spirited debate, introduced by Senator Mills (Tex.), who made a strong appeal to the senate against ratifying the agreement. The speech made a visible impression, and the opinion was general that the treaty should be amended so as to fit the views of Mr. Mills. Senator Tillman asked that time be given for such amendment. Owing, however, to the fact that the senate was under agreement to vote at 4 o'clock there could be no postponement except by unanimous consent.

Senator Carter, who from the first has been one of the most active and effective opponents of the treaty, interposed objection. He said there could be no doubt of the partiality of the government and the people of the United States toward the settlement of disputes by arbitration, and that for this reason there never would be any difficulty in securing an agreement for arbitration of any specific dispute with any nation but it was not necessary for our people to tie themselves in an agreement of uncertain scope and purport, especially with a country which had shown itself so completely out of sympathy with the feeling of the people of the United States in the position England had taken in European affairs. Mr. Carter advised the senate to let well enough alone.

Senator Hoar replied briefly, going over the general agreement in favor of the treaty and contending especially that the objection of inconsistency in regard to territorial claims was not well founded.

The remainder of the debate was of a running character.

It was evident before the ballot was completed that the motion to ratify would be beaten. Some senators who were recorded among the yeas spoke quite openly of objectionable features, confessing that they had cast their votes in the affirmative in deference to public opinion. Among those who waited in the senate corridors to receive the news was Mr. Michael Davitt, who appeared much pleased at the result.

Senator Davis, chairman of the committee on foreign relations, declined to express an opinion for publication. At the conclusion of the proceedings, all of which were in executive session, the senate refused to authorize the publication of the details.

IN OPEN SESSION.

Sundry Civil Appropriation Bill Discussed—Deboe Takes His Seat.

Washington, May 6.—The open session of the senate Wednesday was devoted to the sundry civil appropriation bill, which was not completed up to the time of adjournment.

Mr. Deboe of Kentucky took the oath of office at the opening of the session, and was cordially greeted by his Republican associates.

When the sundry civil appropriation bill was taken up Mr. Pettigrew (S. D.) offered an amendment authorizing the President to suspend the order of President Cleveland withdrawing millions of acres from the public domain and constituting them forest reserves. Mr. Pettigrew said that assurances had

been given—he would not say from whom—that if the amendment was adopted the President would suspend the order. Final action on the amendment was deferred.

Review the Whole Field.

Chicago, May 6.—At yesterday's session of the Western Union conference at Unity church, the members discussed the present position of the Western Union Sunday School society. The report of the joint secretary and treasurer, Albert Scheibel, showed that the organization was in a satisfactory state financially and that it was prepared to work with increased energy during the coming year. It was decided to amend the constitution of the society so as to permit all Sunday schools contributing \$2 or more to the funds to send two delegates each to the convention.

During the afternoon the election of officers took place, with the following result: President, Rev. A. W. Gould, Chicago; vice-president, Rev. B. R. Bulkeley, Chicago; treasurer, H. W. Brough, secretary, Miss Mary L. Lone, H. W. Brough was also elected to fill the vacancy on the board of directors.

Great Activity at Havana.

Key West, Fla., May 6.—Great activity is being manifested at Havana in addition to the intrenchments on the outskirts of the place, showing that the Spanish officials are worried over the rapid increase of insurgents in that province. Over 15 large guns have been mounted in the last week, three new blockhouses put up, and five or six large earthworks erected. Passes are refused to civilians to go about in the suburbs at night, and several narrow escapes have been reported, when Spanish soldiers have shot at innocent passers-by in the thinly settled portions of the suburbs.

A NATION MOURNS FOR PEOPLE DEAD

TEARS FOR THE VICTIMS OF TUESDAY'S FIRE.

Many of the Most Conspicuous Women of Paris Society Among Those Who Met a Terrible Death—Body of the Dutchess d'Alencon Found in the Ruins.

Paris, May 6.—A somber feeling pervades every class of society. The newspapers without exception describe the disaster at the Grand Bazaar de Charite in the sober and simple terms befitting so appalling an event. The catastrophe will always be remembered as one of the most fearful that ever befel a European city. Nothing comparable in loss of life has ever occurred here, except the fire which destroyed the Opera Comique in 1877. Singularly enough, that disaster happened in the same month of the year, and eighty persons were burned to death, while forty-five were officially registered as missing. In aristocratic circles the numberless dinner parties and other functions of a gay opening season have been suddenly abandoned.

It is now estimated that there were about 1,200 persons in the building when the fire was discovered, about one-half of whom escaped unhurt. Some estimates place the number of dead at 143; others at a still higher figure.

Dr. Nachtel, who has directed the ambulance work, says that the number of bodies found gives a very inadequate idea of the number of victims as dozens were burned completely to ashes.

M. Lepine, the prefect of police, who is severely censured for lack of proper supervision of the preparatory arrangements, says in excuse that the patrons and patronesses of the bazaar were reactionists, and he feared, if he meddled with their programme, that they would say he was trying to suppress a Roman Catholic enterprise.

The unidentified bodies, as well as the jewels recovered from the debris have been photographed by the Bertillon method. The funeral service of the victims has been fixed for the Cathedral of Notre Dame. M. Faure will attend and Pere Richard will probably officiate. At the session of the cabinet it was decided to ask the chamber of deputies for a special credit in aid of the needy families.

Former United States Consul General S. E. Morss said to the representative of the Associated Press: "It was singularly fortunate that there was only one American victim. This was, indeed, remarkable, because just now there is an unusually large number of Americans in Paris. They are generous supporters of such fetes as the Grand Bazaar de Charite, and moreover it gave them a favorable opportunity of getting into close quarters with the aristocracy and many of the celebrities of Paris."

Mrs. Porges was the only American victim. She was a Miss Weisweiler. Her daughter accompanied her to the bazaar, and escaped uninjured. The Porges family resides in Vienna.

There are nineteen bodies still unidentified, among which must be those of the Comtesse de Lupe and Mme. Nitot's second daughter, both of whom are missing.

The body of the Dutchess d'Alencon has been identified among those of the victims. The Dutchess d'Alencon was the sister of the Empress of Austria and wife of Prince Ferdinand of Orleans. She was a duchess of Bavaria, and was born in 1847 and married in 1868. Her daughter, Princess Louise, is married to Prince Alphonse of Bavaria, and her son, Prince Philippe, is the husband of Princess Henriette of Belgium.

The former Queen of Naples is one of her sisters. The Dutchess was a woman of great wealth and one of the most prominent ladies in France. The remains of the Dutchess were identified by her dentist, who examined the teeth of the charred body which was believed to be hers.

Among the last to escape was the Baronne de Reuter, formerly Miss Beatrice Potter of Philadelphia.

The scenes witnessed among those who remained about the fatal spot throughout the night, unable to tear themselves away, indifferent to the entreaties of their friends or relatives, baffle description.

Upon several occasions a distracted father or mother, half-mad with grief, would endeavor to force a way through the line of soldiers or the inner line of police drawn about the blackened ruins. Children were there weeping for lost parents, and the oldest, youngest, middle-aged, joined in the murmurs of lamentation and exchanged hopes and fears.

The atmosphere of the hall, in the Palais de l'Industrie, where the burned bodies were ranged, was almost unbearable, and there again most heart-rending scenes were witnessed.

Men, women and children passed up and down, weeping distractedly, before the lines of black bodies, eagerly scanning the terrible remains, and now and then throwing themselves down by the side of some seemingly unrecognizable corpse which they, by an instinct which an outsider could not understand, made out some dearly loved one and missing relative.

KING GEORGE'S MEN PUT TURKS TO ROUT

GREEK FORCES WIN A DECISIVE BATTLE.

Attack Made By the Sultan's Troops On Velestina Was a Complete Failure—Engagement Will Be Resumed Today—Princes Fight In the Ranks With Bravery.

London, May 5.—The Athens correspondent of the Daily Mail says: "Ten thousand Turks attacked the Greek position at Velestina. The firing ceased at 4 o'clock this afternoon, and it is evident that the Greeks have met with a great success."

"Crown Prince Constantine telegraphs to the engagement at Velestina: 'With God's help, our side has conquered.'"

The Athens correspondent of the Times says: "Simultaneously with the attack at Velestina the Turks attacked the Greek outposts at Tatar near Pharsala. It is said that both attacks have been repulsed by the Greeks. Gen. Smolenski says: 'The brigade at Velestina is deluged with blood.'"

The Athens correspondent of the Standard under date of Wednesday says: "There is great rejoicing over the receipt of the official telegram from Pharsala saying that the Turks have been repulsed, and that the Greeks hold their positions after a three hours' battle. The dispatch says that Crown Prince Constantine and Prince Nicholas fought courageously in the front rank, risking their lives a hundred times, and that they had an ovation from the whole army when the fighting was over. The government has forwarded to them its warmest congratulations. The king and the cabinet have also addressed a manifesto to the troops, congratulating them upon their courage and patriotic devotion."

"The public is overjoyed and is already forgetting the earlier blunders of the campaign. A decisive battle is expected at Pharsala tomorrow (Thursday)."

The correspondent of the Daily Telegraph at Volo, under date of Wednesday, says: "The biggest battle of the war began near Velestina this morning. As a result of it the Turkish force of 40,000 men has been repulsed. The Turkish plan was to seize the hills on the north dividing Pharsala from Velestina."

The Vienna correspondent of the Daily Telegraph says: "I have been informed today (Wednesday) in official quarters that Russia has actually begun to take action through the ambassadors in the direction of mediation, acting with the powers which have agreed to her proposal. But the difficulty is that Greece will not accept the Russian terms."

Pharsala, May 5.—The correspondent of the Associated Press says the Greek line was attacked today by a Turkish force of 20,000 infantry, in addition to artillery and cavalry. Col. Makris commanded the Greek left wing and Col. Movromichaelis the right wing. Both repulsed the Turks with great slaughter. The railway station was destroyed by the Turkish shells and railway communication between this point and Volo is interrupted. Preparations are being made with the utmost activity for the battle which seems inevitable tomorrow (Thursday).

TO ELECT THE COMMANDER

Contest in the Illinois G. A. R. To Be Settled To-day.

Galesburg, Ill., May 6.—The contest for department commander of the Illinois Grand Army of the Republic was narrowed down to two Wednesday, when James O'Donnell of Chicago and A. L. Schimpff of Peoria were placed in nomination. The election is to be held today.

The veterans declare that Wednesday was the most successful one in the history of the Illinois Grand Army. The weather was perfect, and there were present thousands of outsiders. Gen. T. S. He made an address to the students, congratulating them upon their opportunities and emphasizing their responsibility. W. G. Cochran, the department commander, and Gen. Black followed.

All the organizations held meetings. The Grand Army delegates assembled in the Auditorium. Eight hundred were present, which is the largest representation for years. In charitable work \$12,000 was expended.

Commander-in-Chief Clarkson recommended the measures be taken to restore to membership in the Illinois Grand Army of the Republic the 2,250 comrades who have been suspended for non-payment of dues, and that hereafter no member be dropped because too poor to keep up his payments.

FARMER FINED \$25
AS MILK WAS THIN

L. WILKERSON, OF FAIRFIELD,
IS PROSECUTED.

Friends Insist That He Was Only
Technically Guilty, As His Milk
Had Always Rated High At The
Creamery Previously—Did Some
One Skim The Can's Contents?

F. Wilkerson, a farmer at Fairfield,
was before Justice Dow at Beloit yester-
day on a charge of selling milk at
the Fairfield creamery, that was below
the required standard, and was fined
\$25 and costs which he paid. He has
been a patron of the creamery for
years and the creamery books show
the milk he brought has always been
of a high grade.

It is said that patrons of the Fair-
field Creamery had differed with the
butter maker concerning the test he
was making of their milk, and it was
agreed to call the State Dairy and
Food Commissioner to test the milk
some day for the satisfaction of all
parties interested.

It transpired that the day the com-
missioner visited the Creamery Mr.
Wilkerson brought in a can of thirty
pounds of milk and without any hesi-
tancy tendered it to be tested. What
was the surprise of all present when
the test was announced as below the
legal standard, when the creamery
books for several years showed that
this patron had always given an ex-
cellent quality of milk.

Two Explanations Offered.
He kept but a few cows and was
known as a good feeder.

He could only explain the matter in
two ways. Either some one had
skimmed his milk during the night, or
else the top had been left open and the
heavy rain had spoiled it. The sequel
was an order for his arrest, placed in
City Marshal Appleby's hands. Mr.
Wilkerson was first disposed to make a
fight, but he could not deny the test
and so concluded to throw himself on
the mercy of the court. The manager
of the creamery accompanied him to
Beloit, and verified his statement as
far as known facts were concerned. It
was a case of law applied to a person
only technically guilty, Mr. Wilker-
son's friends insist.

It is said that agents from the Dairy
and Food commissioner's office have
examined considerable milk in the
county, and that other prosecutions
may be begun.

MEMORIAL DAY COMMITTEE

pointments For That Celebration.

Mayor John Thoroughgood has is-
sued the following regarding a citi-
zens' committee to arrange for
Memorial day:

It having been customary for the
mayor to name a citizens' committee
to work in conjunction with the com-
mittee appointed by W. H. Sargent
Post, No. 20, and Army of the Re-
public of this city, to arrange for
Memorial Day exercises to be held
Monday, May 31st, your mayor has
named a citizens' committee as fol-
lows:

First Ward—E. J. Kent.
Second Ward—Dr. James Mills.
Third Ward—James A. Fathers.
Fourth Ward—George H. Osgood.
Fifth Ward—James Sennett.

These gentlemen will call upon
those who are liberally disposed and
solicit subscriptions to be applied in
the carrying out of what I am hopeful
will be a Memorial day that will be a
credit to our city and one long to be
remembered. We are aware that
many would be willing to donate
more, but are unable to do so for the
reason of dull times, yet it is our
wish that the citizens come forward
in a substantial manner and after a
long and hard winter we can at least
take advantage of Memorial day for a
general holiday. Your mayor prom-
ises the subscribers to the expense
fund that the same shall be judi-
ciously applied and a faithful account
of our stewardship rendered.

In pursuance to the above I hereby
call a meeting of the joint committees
at the common council chamber this
(Thursday) evening at 8 o'clock.

GEN. DOE TO PRACTICE LAW

Says He Will Make His Home in Milwau-
kee—Scores Newspapers.

The Milwaukee Evening Wisconsin
says: "General Joseph H. Doe, ex-as-
sistant secretary of war, has settled
down to the practice of law in Mil-
waukee, and, as a private citizen, he
says there is nothing further that he
desires to say in denial of the reports
from Washington, as to alleged irreg-
ularities in office. The stories, he
says, are fiction from beginning to end,
emanated from a partisan source and
have been fostered by a reckless disre-
gard for truth and honor and a deter-
mination to continue abuse of a retired
public official.

"I have had a two years' legal res-
idence in Milwaukee and have settled
here with the view of making this my
future home and place of professional
business, and have said about all that
I wish to regarding the false and
malicious accusations made
against me, said Mr. Doe.

As for one of the prominent papers
in Wisconsin, it has seen fit to belit-
tle its standing as a journal by a mis-
erable series of petty slanders, per-
sonally, for five or six years. As to
criticism of my public acts I care
nothing and rather enjoy a good, fair
fight, but when a newspaper con-
tinues a tirade of petty
abuse by juggling with men's names
and speaking of their teeth, etc., it
maintains an undignified attitude,
which injures none but the aggres-
sors. I am now thoroughly adver-
tised, I think, and prefer to practice
law unmolested."

"General Doe states that he will, for
the present, at least, be alone in busi-
ness, although he may later connect
himself with some firm. His family
will remain in the country for the sum-
mer, coming to Milwaukee to reside in
the fall. At present General Doe has
an office in the Pabst building, seventh
floor."

GAVE A CHARMING PROGRAM

Musicals at the Parish House Last Night
Was Much Enjoyed.

The musicals given by Mrs. J. F.
Sweeney and Miss Estelle Rose, at
Christ church parish house last even-
ing, was an unusually enjoyable af-
fair. Miss Rose came to Janesville
with recommendations of the highest or-
der, and therefore much was expected of
her. Expectations were more than
fulfilled, however, and she was enthu-
siastically endorsed by the critical au-

from consumption for more than a
year died this morning at the resi-

had been a resident of Beloit for six-
teen years. He was born August 10,
1852 in the town of Rock. He moved
with his parents to Beloit sixteen
years ago and engaged in the dry-
ing business which he continued con-
tinuously until one year ago. He was
a member of the Woodmen of The
World. Mr. Martin was unmarried.

MENTAL EFFECTS.

A Healing Test For the Mind.

There are a number of commendable
things taught by so-called mind heal-
ers. For instance, "Mind is the real
being, the real man, which moves the
arms, legs, eyes, &c., as machines
which do its will."

Body is made up entirely of what
comes from the ground and air. A
peculiar compound of earth and water,
delicately and most deftly arranged,
to be sure, but simple earth and wa-
ter, nevertheless, without any force,
intelligence or motion in it, except as
it is acted upon by the living mind.

There seem to be two minds to each
body, or two selves, one which runs
the so-called automatic members,
stomach, heart, bowels, &c., &c., and
the other which conducts the move-
ments of the outer members, arms,
&c.

It is a curious psychological fact
that when one is slightly ailing, a
new line of thought will quickly af-
fect the body favorably and particu-
larly if that mental trend run some-
what as follows: "I am not body."

"My real self is unseen and is
mind or spirit which is the same as
life. Body being dead material can-
not complain to me except as I sensi-
tize it and permit the complaints."

If a person can bring himself to
thoroughly believe this without a
shadow of doubt, a most curious and
healing effect is quickly felt in the
body.

Many people have not enough train-
ed minds to command just what it
shall or shall not do; but where the
mind is well in hand, so to speak,
the result of such mental exercise is
marked and cannot be forgotten.

We write the above knowing that it
will reach the eye of some honest
searcher after some of the new
laws which are lately coming to be
known of man, and to say that while
on the subject of healthful living, it
should not be forgotten that good
nourishing food and drink are neces-
sary and the unnatural habits are bet-
ter left off than clung to. If the
reader has trouble with coffee and has
never used the food-coffee, Postum Ce-
real, it will well repay the trial.

TOBACCO DEAL SUIT BEFORE THE COURT

G. H. RUMRILL PLAINTIFF AND
E. J. OWEN DEFENDANT.

Former Brings Action to Collect His Commission, While the latter Says the Transaction Did Not "Pan Out," and That He Lost Money in Consequence.

After suffering an alleged loss of \$5,000 on a tobacco deal alleged to have been made by George H. Rumrill, of this city, E. J. Owen does not propose to pay Mr. Rumrill \$200 commission on the deal, if he can help it. Therefore, Mr. Rumrill has brought suit against Mr. Owen, and the case is now pending in the circuit court. It promises to be a long drawn out and interesting case.

It is alleged that in 1892 Mr. Rumrill informed Mr. Owen that he knew where he thought he could place several hundred dollars in a tobacco deal and realize \$1,000 on it in a short time. Mr. Owen, it is said, left the matter to the judgment of Mr. Rumrill and a deal was soon made involving three hundred cases of tobacco. The deal was purchased of the firm of J. L. and M. F. Greene of this city. The deal involved a goodly sum, as the purchase price was seven cents a pound.

Mr. Owen now claims that he failed to realize on the deal but instead, he says he lost \$5,000, the tobacco being worth but five cents a pound when it was time to sell.

Mr. Rumrill claims that he is not to blame for Mr. Owen's mistake in the matter and that he should receive his commission of \$200 and interest from April 1 of 1892.

The case was begun in the municipal court and a change of venue was taken to the circuit court. The matter will be passed upon at this term of court. Attorney H. S. Sloan will represent Mr. Rumrill and the defendant will be represented by Sutherland & Nolan.

SAY THEY GOT FISH IN ILLEGAL MANNER

MONTEREY MEN LIKELY TO
BE ARRESTED.

It Is Said That They Were Caught Drawing a Seine and That Complaint Will Be Made—Man Locked Up On Suspicion—Two Runaway Lads Caught.

Arrests are likely to follow the discovery of two young men who were detected seining for fish in the river at Monterey last evening. They had a boat and were operating with nets near the railroad bridge. It is said that this is not the first time they have violated the game law, as it is claimed that the same parties captured four sacks full of fish during one night not long ago. Fishermen at Monterey say that fishing has been poor, and they have no doubt now but that the trouble will be remedied. The case was laid before the local authorities today.

Many violations of the law have been charged to fishermen at Monterey, and it is now said that they will be stopped with a jerk.

While trying to dispose of a lot of jewelry at a local second hand store yesterday, Frank Stain of Oaklusk, was arrested by Sheriff Acheson. Fell From a Dray, and The Wheel Passed Over Him.

With the large bone of his right arm broken in two places Willie Schufeldt, the seven year old son of Mr. and Mrs. William Schufeldt, of 459 South Franklin street, is now confined to his bed. While returning from school yesterday, the lad jumped onto one of the large dray wagons owned by Edwin Ensign. His guess of distance was poor and he fell to the ground the heavy rear wheel passing over his arm and shoulder. Dr. W. H. Judd was called and assisted by Dr. James Gibson made the boy as comfortable as possible.

TO RUSH WORK ON CAR LINE.

Owner Blabon Tells Superintendent Cummins to Push the Job.

Owner George W. Blabon, of the street car line, writes from Philadelphia to Superintendent Cummins instructing him to rush the car line to completion, so that if it is possible it may be running by the latter part of this month. Superintendent Cummins said this morning that he thought this could be done. The laying of the line on Eastern avenue has been completed, and the setting of poles commenced today. The frame work of the power house is now nearing completion and all electrical appliances have been purchased in the east.

DISCOVERY OF A KIDNEY REMEDY WHICH CURES BRIGHT'S DISEASE.

Proof of the Efficiency Proffered by Philip Schnell, of St. Paul—His Doctors Said He Must Die—Dodd's Kidney Pills Saved Him.

Ten years ago a cure of Bright's Disease would have been an impossibility. Five years ago it would have been an improbability. Today it is both possible and probable, though the frequency of cures in this part of the country is not such as to make such an event commonplace.

Ten years ago Dr. Dodd discovered his Kidney Remedy. Five years ago it was being manufactured and sold by the Dodd's Medicine Co. with great success wherever used. Today, it is becoming well known in this part of the country, as the only remedy that has been found infallible in cases of this direful malady.

The following letter written by Mr. Philip Schnell, of St. Paul, to the Dodd's Medicine Co., of Buffalo, N. Y., testifies to a remarkable cure of Bright's Disease after a year and a half of affliction, and after doctors had given up the case as incurable.

DODD'S MEDICINE CO., Buffalo.—Gentlemen: I have been troubled for over 1½ years with Bright's Disease. I was told by my doctor I could not get cured. I have tried everything I heard of, but only got relief at the time. I heard of DODD'S KIDNEY PILLS. I got a box and am completely cured. I can eat a hearty meal and my urine is clear. I believe DODD'S KIDNEY PILLS have saved my life.

SEASONABLE SKIRTS.

They Are Narrower, but Are Silk Lined and Otherwise Costly.

Although at a cursory glance there would seem to be no difference between the skirts now worn and those of last summer, there really is a change in their cut and hang. The circumference is smaller, and there are no godets in front or at the sides, all the fullness being carried around to the back, where it is laid in large plaits—sometimes two, but more often one, which is doubled or tripled according to the amount of material. Many skirts have a narrow tablier in front, while in others the tablier is wide enough to extend around to the hips, where it is curved to fit smoothly. These wide fronts are suitable for slender figures, stout persons appearing to better advantage with the narrow ones. There is no fixed measurement for the width of the skirt. It varies according to the size of the person and the breadth and

VISITING TOILET.

thickness of the material. Skirts of very light fabrics are from 4½ to 5 yards around, those of heavy goods 4 to 4½ yards.

All skirts are lined, and French modistes insist that nothing except a silk lining will serve the purpose of enriching the apparent quality of the outside and giving it the proper "hang." This is rather an expensive demand, although it cannot be denied that a silk lining renders a skirt delightfully light and keeps it from clinging about one's ankles when the wind blows. Faille is a much more desirable lining than tulle, as the latter quickly cuts and becomes ragged. If an entire lining of silk cannot be afforded, the upper part of the skirt may be lined with alpaca, and the silk may reach up for only about half a yard from the foot. Hair-cloth facings have been reduced to a width of 5 or 6 inches.

A sketch is given of green cloth. The front of the skirt forms an apron shaped point applied on green velvet, the junction being concealed by an embroidery of turquoise and gold. A narrow band of sable encircles the foot of the skirt. The close bodice has bretelles of sable and a yoke of turquoise and gold embroidery. The sleeves of green velvet have very small puffs at the top. With this gown is worn a toque of green velvet, with black ostrich tips, and a muff of Parma violets.

Official Starter of the Jockey Club.

The Jockey club has secured for the coming season the services of C. T. Pettingill as the official starter. The starting of race horses is a very ticklish job, besides requiring an irreproachable integrity. Honest men are much easier to find than good starters, for your starter must not only be honest, but cool as a cucumber and as quick as a flash of lightning. Mr. Pettingill has had much experience in this kind of work, and his success was what caused his appointment. He is fifty years old, a native of Maine, and was one of the boy soldiers, served through the hostilities and not mustered out till 1866. He then settled in South Carolina, where first he was a merchant, and then an assessor of internal revenue. He became interested in race horses many years ago, and later went regularly into the business. He has owned several good ones, such, for instance, as Fair Count and the Duke of Montalban. As a professional starter he has served at Gloucester,

To Trace the Red Man.

To investigate the origin of the American Indian and solve, if possible, a knotty problem in anthropology, Mr. Morris K. Jesup, president of the American Museum of Natural History, New York city, is to fit out three expeditions, which will visit both the American and Asiatic shores of the north Pacific. It is estimated that the work will consume the greater part of six years and will cost about \$60,000, but Mr. Jesup is to bear the whole expense, and he says the investigations will not be stopped until a convincing amount of material on every doubtful point has been obtained.

Chulalongkorn, king of Siam, who is to visit the United States this summer, is one of the most enlightened and enterprising of all the oriental rulers. He is 42 years old, very much married and has been ruling since 1868. So it is no wonder that he likes to leave his throne once in awhile. The king is a great traveler, and he has both time and means to indulge in globe trotting. He has an income of \$10,000,000 a year. His most famous extravagance is a palace of glass which can be submerged in a lake to form a retreat on hot days.

Colonel Alfred E. Buck, recently appointed minister to Japan, has been for many years the recognized Republican leader in Georgia. Since 1882 he has been chairman of the state Republican committee, and he has been a delegate to the national conventions on several occasions. Although he has come to be looked upon as a southerner, Mr. Buck is a native of Maine and spent his boyhood and youth there. He entered the army as a captain, served through the war, came out a colonel and settled in Georgia, where he has been in business ever since.

both have their part in the great savings that come from Pearlina. Suppose you're the mistress. There's the economy of it—the saving of time, etc., and the actual money that's saved by doing away with that steady wear and tear on everything washed. Suppose you're the maid. There's the saving of labor; the absence of rubbing; the hardest part of the housework made easier and pleasanter.

But suppose you are mistress and maid, both in one, doing your own work. Then there is certainly twice as much reason why you should do every bit of your washing and cleaning with Pearlina.
